## **ABC Revokes License of San Leandro Store for Multiple Violations**

**San Leandro** - Today the California Alcoholic Beverage Control (ABC) revoked the license of Mill Liquor and Deli located at 15982 E. 14<sup>th</sup> St. in San Leandro for multiple violations of the California Alcoholic Beverage Control Act.

ABC investigators revoked the license because the store sold alcohol to minors, and also displayed harmful material "adult only" in an area of the store where it isn't allowed, delayed and obstructed a police officer during the investigation among other infractions.

The Department has had an active investigation since December, 2005. As a result of today's action, the license is revoked and no sales of alcohol will occur at this location indefinitely.

ABC is a department of the Business, Transportation and Housing Agency, which is under the direction of Dale E. Bonner, a member of the Governor's Cabinet.
