## **ABC Investigators Post 60 Day Suspension Notice at San Jose Night Club** *ABC Licensed Business is Disciplined for Operating a Disorderly House*

**San Jose** – ABC Investigators have posted a 60 day Notice of Suspension at the Wet Night Club located at 396 First Street in San Jose. Today's action is the result of three (3) separate disciplinary actions filed against the premises and means the location cannot sell alcoholic beverages for the next 60 days.

In addition, the Wet Night Club is on probation for the next 2 years and if any similar violations occur, ABC has the authority to take further disciplinary action up to revocation of their license. ABC has also imposed conditions on the license including restricting alcoholic beverage service, entertainment, and security measures.

ABC suspended the license after the Department reviewed police reports and numerous calls for police service that occurred between November 2008 and September 2009. Based on the accumulation of reports of public drunkenness and other illegal activity, the licensee was found to be operating a Disorderly Premises.

The Department received several complaints regarding the operation of the premises and the drain on police services required to maintain order.

During the course of the investigation, ABC investigators were able to determine the premises was operating in violation of the rules and laws governing the operation of a business licensed to sell alcohol.

ABC is a department of the Business, Transportation and Housing Agency, which is under the direction of Secretary Dale E. Bonner, a member of the Governor's Cabinet.
