ABC Suspends the License of the V.I.P. Lounge in Santa Clara County
Owner agrees to a 30-day suspension that takes effect immediately

(San Jose) - The California Alcoholic Beverage Control today suspended the ABC license of the V.I.P. Lounge (also known as the El Carnaval Bar) located at 358 North White Road in Santa Clara County. The sale and service of alcohol is prohibited during the 30 day suspension period.

This suspension is the result of an undercover operation conducted by ABC Agents over a several month period during which employed dancers engaged in lewd conduct and sexually-oriented entertainment not permitted at an ABC licensed business. The Agents also found the business to be serving alcohol during hours it was restricted from doing so.

ABC is a Department of the Business, Consumer Services and Housing Agency.
