ABC Suspends the License of Gold Street Liquor in Redding *Case Involved Sales of Drug Paraphernalia*

(Redding)- ABC Agents posted a 20 day Notice of Suspension today at Gold Street Liquor located at 1459 Gold Street in the city of Redding.

The suspension prohibits the type 21 ABC licensed business from selling alcohol for the next 20 days. The licensee agreed to a penalty of a 20 day suspension. In addition the licensee agreed the business will be on probation for the next three years and if any similar violations occur, ABC has the authority to revoke the license.

In 2014, ABC agents conducted an undercover operation after learning that that business might be selling illegal drug paraphernalia. The investigation revealed that the store was, in fact, maintaining a stock of items commonly used for ingesting illegal drugs, and that the items were being marketed and sold to customers for that purpose.

ABC is a Department of the Business, Consumer Services and Housing Agency.
