## **ABC Posts Indefinite License Suspension in San Jose**

*ABC takes action on After Hours Alcohol Sales, Lewd Conduct, and Disorderly Activity*

SAN JOSE – On December 1, 2015, Agents of the California Department of Alcoholic Beverage Control (ABC) posted an indefinite notice of suspension at an ABC licensed business in the city of San Jose.

Agents posted an indefinite suspension notice at the Dragonfly Lounge located at 4126 Monterey Highway for violations involving lewd conduct, alcohol service during restricted hours, and disorderly activity at the premises. In addition, the licensee obstructed and delayed San Jose Police Department Officers from investigating a shooting and stabbing incident at the premises.

Effective immediately alcohol sales at this location are prohibited. In addition, the owner has one year to transfer the license to another individual at a separate location. ABC suspended the Dragonfly Lounge liquor license back in August for a 30 day period for similar violations. The owner was also placed on probation at that time for three years and told that the business could lose its' license permanently if additional illegal activity occurred there.

Undercover investigations conducted by ABC agents and San Jose Police in recent months revealed the violations at the business. ABC is a Department of the Business, Consumer Services, and Housing Agency.
