AB 1295 (Levine) Craft distillers: licenses.
Chapter No: 640
Effective: 1/1/16

Summary: This bill creates a new “craft distillers license” limited to those who manufacture less than 100,000 gallons of distilled spirits per fiscal year, exclusive of brandy production. This new license would allow for distillers to sell up to the equivalent of 2.25 liters of distilled spirits to consumers participating in a tasting event on the distiller’s licensed premises. This bill would also impose an original fee and an annual renewal fee for the license, which would be deposited in the Alcohol Beverage Control (ABC) Fund. In the event the licensee no longer qualifies as a craft distiller due to the amount of distilled spirits reported to the Department of ABC, the licensee may continue to hold the privileges granted by this act. This bill also:

- Authorizes a licensed craft distiller to sell all beers, wines, brandies, or distilled spirits to consumers for consumption on the premises in a bona fide eating place located on the licensed premises or on premises owned by the licensee that are contiguous licensed
premises operated by and for the licensee, provided that any alcoholic beverage products not manufactured by the licensee are purchased from a licensed wholesaler.

- Modifies an existing provision of law that currently allows distillers to offer six, one-quarter ounce tastings, per individual/per day, to instead permit distillers to combine the current limitation into one single 1 ounce tasting that may also include a non-alcoholic mixer. Also, deletes the provision in existing law that prohibits tastings of distilled spirits from being given in the form of a cocktail or a mixed drink.

- Specifies that licensed craft distillers must annually report amount of distilled spirits they produce to ABC. If the licensee no longer qualifies to hold a craft distiller’s license, ABC must renew the license as a distilled spirits manufacturer’s license. If a licensee no longer qualifies as a craft distiller due to the amount of distilled spirits reported to ABC, the licensee may continue to hold the privileges granted by this act.
