

EVENT ACKNOWLEDGMENT FORM

If applying for a Daily License or Catering Authorization for an acceptable event as identified in California Department of Public Health (CDPH) guidance documents, this ABC-203-DLA (Daily License Acknowledgment) must be completed and submitted with each ABC-221 (Daily License Application) or ABC-218 (Catering Authorization Application) being submitted. Additionally, as part of any such application you are expected to review and acknowledge CDPH guidance regarding events, specifically as the guidance relates to the event for which you are applying.

To assist, the Department has provided applicable CDPH guidance via the below QR Codes. If you are unable to access the guidance via the below QR Codes, the Department will provide it to you in hardcopy form. Events that cannot comply with CDPH guidance will not be approved. You may complete and sign this form electronically.

Applicant acknowledges that the California Department of Public Health (CDPH) has provided updated guidance for certain events, such as *Outdoor and Indoor Seated Live Events and Performances, Private Events and Gatherings, and Fairs*. Pursuant to the updated guidance, these types of events may resume, and a daily license or catering authorization request may be approved for use. However, approval for these types of events is contingent upon the applicant's commitment to ensuring the event is compliant with any restrictions or modifications associated with their event and their respective tier (As identified by the Blueprint for a Safer Economy). To that end, applicant acknowledges being provided a copy of CDPH guidance documents for certain events via the QR Codes below. Please scan the below QR codes to review the provided information. Applicant further acknowledges it is their responsibility to review and understand all modifications pertaining to their event and respective tier, as well as any modifications or requirements imposed by the local health department.

***Outdoor Seated Live Events
and Performances***

***Indoor Seated Live Events
and Performances***

***Private Venues
and Events***

***Amusement Parks
and Theme Parks***

I understand that if we fail to comply with CDPH guidance, the Department may immediately cancel the associated daily license or catering authorization. I also understand the Department will consider such non-compliance in any future requests for a daily license or catering authorization and in the case of non-compliance involving a catering authorization, disciplinary action may be filed against the associated license. In addition, I understand that if the location of the event is being held in a tier which currently allows such events but changes to a tier which does not, I am no longer approved by ABC for alcohol sales at the event and may not be entitled to a refund.
